Mr. Smith, Mr. Truban and Mr. Paris,

Thank you for taking the time to talk with us on July 25 about the *Federal Research Action Plan on the Use of Recycled Tire Crumb Used on Playing Fields and Playgrounds*. We found the exchange of information to be very useful.

Attached please find a draft transcript of our call. As stated on the call, the information in the transcript may be subject to the Freedom of Information Act (FOIA) requests. In that case, we may be obligated to share the transcript with the party requesting information. Therefore, if there is confidential business information (CBI) in the transcript, such as trade secrets or commercial or financial information that is confidential or privileged, please identify it and let us know. We will provide you with the instruction on how to claim CBI through our formal process. Please provide me with any edits to the transcript by **COB Tuesday, October 4**. We will distribute a final version of the transcript to all who participated the following week.

Finally, as a reminder, portions of this transcript may be referenced or included as background information in our study. Should the study researchers wish to cite any of the information you provided during this conference call, we will be sure to contact you in advance to provide you with an opportunity to review what is being cited.

Thank you again. We sincerely appreciated this opportunity to talk with you.

Best Regards,

Ksenija Janjic
